

## What is "CONNECT"<sup>™</sup> & How do I benefit?

RFL has served the Power Utility industry and its customers since 1922!

Throughout this time, RFL has amassed a tremendous amount of industry knowledge and expertise, which we want to share with you, our valued customers, and the reason why **CONNECT** was created.

**CONNECT** is a learning center for the Power Utilities. The training and seminar topics include Networking, Communications, Protection and Cyber Security. Future topics will be designed around issues that are relevant to the Power Utilities.

All **CONNECT** seminars are complimentary because RFL wants to remain **CONNECTed** with its customers by offering products and services that are meaningful and valuable.

Please visit RFL's web site to register and see the latest syllabuses and training schedules at [www.rflect.com/Training](http://www.rflect.com/Training).
